### Properties

- **Weight**: 15.7 kg/m², 22 kg/m²
- **Flexural Strength**: 25 MPa, 25 MPa
- **Modulus of Elasticity**: 11,000 MPa, 11,000 MPa
- **Moisture Absorption**: 0.2% by weight (24 hour total immersion)
- **Impact Resistance**: 2.0 J, 3.5 J
- **Thermal Movement**: 22 x 10⁻⁶ °C

### Material Thickness (mm)

- High pressure laminate: 6
- Fibre cement board: 6
- Glass: 6
- Petrarch: 7, 10
- Marble: 30
- Granite: 40
- Slate: 25
- Precast concrete: 100

The information shown above is a brief overview of the technical and fixing details for Petrarch. For more complete information, please see the Technical Guide at [www.cepcladdings.com](http://www.cepcladdings.com).

PROJECT PROFILE  |  MATTAPAN HEIGHTS, MATTAPAN, MA

PROJECT ARCHITECTS
Bergmeyer Associates Inc., Boston, MA

GENERAL CONTRACTOR
CWC Builders, Newton, MA

PETRARCH REPRESENTATIVE
Shannon Corporation, Sudbury, MA
Tim Shannon

PRODUCT(S)
5/16” Thick, Petrarch Architectural Wall Panels
Dorset Color #519
Riven Slate Texture

PROJECT DESCRIPTION
The architect chose Petrarch panels to accent the design with a natural look, and to improve the value, energy efficiency, ongoing maintenance, and overall longevity of the buildings. The panels were attached using the Screw Applied Face Fastened System, with countersunk fasteners, and patched with color matched factory supplied hole filler.

ABOUT PETRARCH PANELS
Only available from Omnis Panels Inc., Petrarch panels have been the choice of architects and specifiers for more than 40 years. These versatile panels project a natural look and are available in a variety of colors and finishes. Please request a sample for the best color representation.

- Lightweight
- NFPA 285 accredited
- Low maintenance
- Class A fire performance
- Durable
- ISO 9001 accredited
- High impact resistance
- Resistant to climate extremes and pollution
- Proven long-term performance
- Exposed fastener or back fastening options

BEAUTIFUL CONDOMINIUMS WITH THE NATURAL LOOK OF PETRARCH TO ACCENT THE DESIGN

INSTALLATION METHOD
Screw Applied Face Fastened System, with Patched Countersunk Fasteners
North West Kent College, Dartford, UK
5/16” Thick, Dorset (519) Riven, Heather (002) Riven
